CHAMBERS LATIN AMERICA 2010 RECOGNIZES REICHARD & ESCALERA AS LEADING FIRM IN BOTH TRANSACTIONAL AND LITIGATION WORK

Chambers Latin America (“Chambers”), a publication of Chambers & Partners Publishing is an independent and research-based legal marketplace guide. Unlike other publications of this sort, Chambers is not a collection of paid-for entries. It is a listing of the most highly recommended lawyers worldwide. Only lawyers with strong recommendations in the market are listed. Listing decisions are based on the result of the work of a group of experienced and unbiased researchers who interview thousands of clients and leading practitioners, canvassing opinions on who are the best lawyers and why. Only a small number of firms and practitioners obtained listings in Puerto Rico.

Chambers recognized Reichard & Escalera’s Senior Partner Héctor Reichard de Cardona as “notable practitioner” in the Corporate Commercial Area by saying:

As the former Attorney General of the Commonwealth of Puerto Rico, Héctor Reichard de Cardona enjoys a strong reputation in the market. He supervises much of Reichard & Escalera’s corporate, transactional, real estate, regulatory and banking work.

Reichard & Escalera was also listed as leading dispute resolution firm in Band I, Chambers’ highest classification category. Senior Partner Rafael Escalera-Rodríguez was listed as one of the three highest ranked litigators in Puerto Rico. As to the firm’s litigation work Chambers says:

The Firm is a “*go-to name for litigation*” in Puerto Rico and enjoys a wonderful reputation in the market. The practice covers the whole spectrum of litigation, ranging from general corporate, commercial, contract and bankruptcy disputes to advertising litigation, RICO-related matters and environmental disputes. Eminent lawyer Rafael Escalera is sought after for “*his reputation, skills and the intensity of his preparation, which makes him one of the best litigators in the country.*”

Chambers has listed Reichard & Escalera as a leading firm for several years in a row.
