It is the utmost desire of Mayer LLP to build on that success and to become an unmatched performer for the ALFAI network."

ALFAI CEO Jessica Zaroski Bauer added, "ALFAI's North American Membership Committee spent months doing its due diligence to find a firm that would best fill the Houston vacancy. We are confident that Mayer LLP will continue to support and promote the ALFAI network with the same passion as Lorance Thompson did during its 42-year membership. We are excited for many trusted colleagues to return to ALFAI and look forward to building new relationships with others from Mayer LLP."
